

2015 Fall Cohort

For 2015 Fall Cohort the disaggregated completion data by gender shows that at Bluefield University, *completion rates* for women are higher than those for men—the difference is 12% with women completion rate standing at 55% and the men at 43%. Additionally looking at *still enrolled* students, a smaller proportion of women were still enrolled after six years with 6% still enrolled compared to 12% still enrolled for men. With this analysis, the university can identify areas where they can focus initiatives to improve the interest and engagement of male students.
