The Department of Education has selected your FAFSA for a review process called verification. In this process, the financial aid office will be verifying your high school completion status and identity. Federal regulations require universities to verify this information before disbursing federal aid. If there are differences between your application and the documents you provide, your FAFSA information will need to be corrected by your Financial Aid Administrator. This could result in a change of your federal aid eligibility and your current financial aid package.

*Please include the Student ID number on all pages submitted.
